THE Cincinnati Enquirer hits the nail squarely on the head when it says: "It has been intimated that 'Gov.' Taylor, of Kentucky, but recently of Indiana, will be made a delegate to the republican National convention. The republicans have been in power a long time and they necessarily have some pretty tough men to vindicate, but it is hardly in the bounds of belief that they will have to descend to the Taylor depth."

THE editor of the Mt. Vernon Signal is getting all right and ere many moons wax and wane he will be climbing into the Hearst wagon. Two weeks ago he preferred Roosevelt to Mr. Hearst. See how he is softening: "We are willing to give Mr. Hearst credit for all he deserves and we extend to him our hand of congratulation for what he has done for the party."

THE republicans of West Virginia are said to be engaged in a bitter factional quarrel, and the democrats have a chance to carry the State in November. The democrats are united on former Senator Henry G. Davis for Governor.

Dr. W. Godfrey Hunter returned to Louisville last night after "beating the bushes" for several days in the 11th district. The wily Congressman is allowing the utilities of this term as representative to wait upon the expediences of the next, and he is leaving no stone unturned to perfect an invincible organization in his mountain district, no matter how the session is faring at Washington, says the Courier Journal.

Representative Kehoe says he proposes to stand by Charles Edwards for secretary of the Democratic Congressional Committee. "When I nominated Mr. Edwards for re-election I did not know he was a so-called Hearst boomer, but I would not have hesitated had I known. I am not for Hearst, but I am not opposed to every democrat who is a Hearst man. Edwards has made an efficient secretary and I propose to stand by him."

Galton carries the blood of four leading families—Wilkes, Hambletonian, Mambrino Chief and Seely's American Star. Galton's sire Gambetta Wilkes has 12 in the 2:10 list, 14 in the 2:30 list, having put 26 new ones in last season. His sons and daughters have over 250 in the list; this stamps Gambetta the greatest sire living or dead. He has made all of his seasons at my stable, nine in all, and served 32 mares last season; this is the very best of proof of a stallion's breeding qualities. The above is a good picture of Galton, just as he stands—no ginger but his natural self. Will stand at \$10 to insure a live colt. Mares traded or parted with forfeits insurance and makes season money due. Grass furnished after May 1, at two dollars per month. Will stand at my place 2 miles west of Hustonville on the Broad orville pike. Phone in residence. W. M. DODD, Hustonville, Ky.
